

Annual Report

January 1-December 31, 2017

LETTER FROM THE PRESIDENT

2017 has been a whirlwind of change and unprecedented success! We began the year under a new identity as Mid County Chamber of Commerce, which included a new logo, new website, printed materials, and more. Though we felt confident that we had adequately planned for every aspect of making such a significant change, there is always the unknown. As it turns out, the organization didn't miss a beat and the transition was seamless.

With the work of rebranding behind us, we were able to balance the budget and build our reserve account. We added two new events; the Cornhole Tournament and Golf Tournament, both of which generated a significant portion of revenue from non-members. Through the success of these events, and others, we have strengthened our financial state without raising membership dues or event fees. Highlights of the year include increased membership and retention, strengthening member engagement, and adding a platform to list and view commercial vacancies on our website. Throughout the year we have successfully supported our businesses and have been a resource that they can turn to for assistance, support and education.

I close this letter with a sense of gratitude and pride of having the opportunity to serve as the Chamber Board President for the last two years. Our Chamber is an exceptional organization with extraordinary people and communities and a promising future.

Thank you,

Christy Byrd
